**RE: IMPEACHMENT OF ENGR. S.K TABARA FOR GROSS MISCONDUCT,
CONSTITUTIONAL VIOLATION AND ABUSE OF OFFICE**

We the undersigned being Presidents and Secretaries of Southern Kaduna People's Union (SOKAPU) Community Development Associations (CDAs), and most importantly, being bonafide indigenes of the Southern Kaduna People having met on the 11th October 2024 and deliberated on the above subject matter put on the SOKAPU media platform by the Vice President II Bello Hosea Bisalla, of the CEC and also to deliberate on the way forward per our demand letter of 27/09/2024, made out and served on the Southern Kaduna Authochthones Community Development Associations (SOKACDA) do write this rejoinder and state as follows:

- i. That we are aware of the devilish longhand of SOKACDA members working and mischievously using the nine (9) rebellions and recalcitrant CEC members of SOKAPU to plot and effect a complete disruption of the peaceful and well articulated developmental strides enacted and executed so far by the new SOKAPU National President Engr. S. K Tabara
- ii. That we are also quite aware and can read the body language of the said SOKACDA using the aforesaid nine (9) CEC members to disunite SOKAPU with the several antics and propaganda dished out on the SOKAPU social media platforms.
- iii. That we understand the thrust of their spurious, ill conceived allegations and defamatory write ups disingenuously crafted by the nine (9) CEC members who are part of the SOKACDA non-governmental organisation outfit or were part of the erstwhile SOKACDA created caretaker committee of SOKAPU being that, it is ultimately targeted to creating a parallel faction of our

beloved SOKAPU and thereby attempt to escape from the several malfeasance and financial sleazes recently uncovered by our newly elected National President of SOKAPU.

From those observations, we are in unison disassociating our selves from these ill conceived write up of the infamous nine (9) rebellious SOKAPU CEC members and we also hereby resolve that having known that these write ups of the nine (9) SOKAPU CEC members are lies and malicious slanders against our National President Engr. S.K Tabara, we unequivocally resolve hereby that our unflinching loyalty to SOKAPU is unshakable and we again pledge hereby to support and work as always with the leadership of Engr. S.K Tabara for the positive development of SOKAPU.

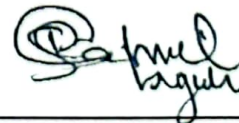

Again, we have resolved hereby to oppose in totality the devilish antics of these nine (9) CEC members and their SOKACDA sponsors, in creating a splinter and parallel SOKAPU so as to continue the nefarious, self-aggrandizements and fraudulent financial sleazes hitherto to experienced in SOKAPU.

We are a SOKAPU constitutionally incorporated/recognized organ and so we are sworn to working tirelessly and in synergy with the present indefatigable National President Engr. S.K Tabara to achieve the envisaged well being of SOKAPU. So, we quickly warn these teleguided rebellious nine (9) SOKAPU CEC members and their progenitors in SOKACDA to desist forth with in publishing these lies and propaganda and to stop these ill fated plans to disunite SOKAPU but rather to join hands to build a new SOKAPU for the benefit of members and their children and great grand children.
